# JIRA & Confluence für iOS – mobile, mobile, mobile

Moderne Teams sind mobile und bei Atlassian hat man sich intensiv mit diesen neuen Herausforderungen auseinandergesetzt..

Heutzutage macht man von unterwegs einfach & alles - on the go. Anfang November hat Atlassian daher die Preview der neuen iOS apps für JIRA und Confluence bekanntgegeben

500 Teilnehmer des Atlassian Summit und ausgewählte Customer erhalten die Möglichkeit die pre-release Versions auf ihren iOS Geräten zu testen.

# JIRA & Confluence für iOS – 3 Cases

## **Stay Connected**

not just to their own work, but to their teams through their activity

## **Act Quickly**

so that as the pace of work accelerates, they can contribute meaningfully no matter where they are

## **See Relevant Content**

so they can focus on the right things, and not be distracted by noise

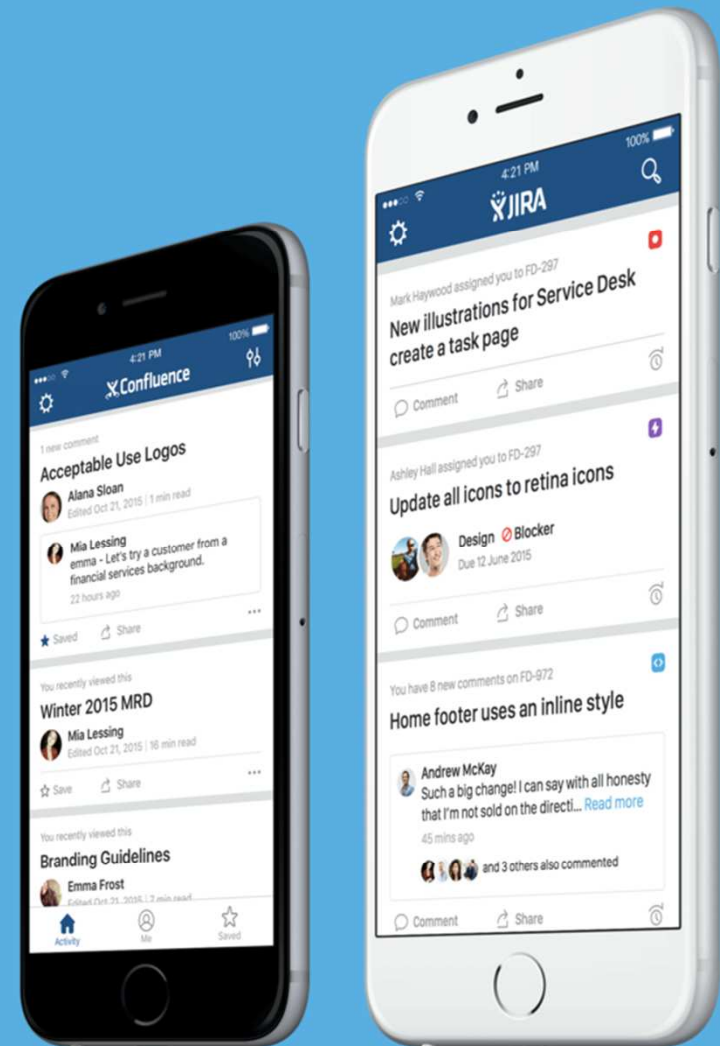

# Be the first to try our mobile versions of JIRA Software and Confluence.

# Introducing the Health Monitor©

Atlassian's mission is to unleash the power of teams. The Health Monitor© is something we hope will help your teams perform better.

CHECKPOINTS	1
<b>1</b> Full-time owner	
 Balanced team	
 Shared understanding	
 Value and metrics	
 End-to-end demo	
 Readme	
 Dependencies	
 Velocity	

## What are the 8 attributes of successful projects?

1. The project has a full-time owner.
2. The project team is balanced.
3. The team has a shared understanding.
4. The project's value and metrics are clear.
5. The project has an end-to-end demo.
6. The project has a "readme."
7. The project's dependencies are clear.
8. The project has velocity.

# Change management, Atlassian style – Pledge 1%

COMMUNITY LICENSES DONATED  
**34,000**

VALUE OF LICENSES DONATED  
**\$69,000,000** USD

TOTAL DONATED TO CHARITY  
**\$6,400,000** USD

# Change management, Atlassian style – Pledge 1%

Pledge 1% is a movement dedicated to making the world a better place by inspiring, fostering, and celebrating early stage corporate philanthropy. In December of 2014, we came together with Salesforce and Rally based on our shared passion for giving back and co-founded the Pledge 1% movement.

We set a goal of getting 500 companies to pledge 1% equity, employee time, or product by this December and... we're at 500 pledges today! That's 500 companies that have pledged their commitment to share their success with their communities.

And today, 10 more companies joined the Pledge 1% movement. Thank you so much for your commitment to making the community a key stakeholder in your businesses. We are proud to partner with you.

# Shipt! 24 hours to innovate. It's like 20% time. On steroids.

<https://youtu.be/eVTcSwfICxo>

# Shipt! 24 hours to innovate. It's like 20% time. On steroids.

## JIRA Service-Desk

Andreas, Nick, Mike, Ross, and Scott spent 24 hours hacking together a simpler portal to create JIRA issues. Say hello to JIRA Service Desk.

## Better bulbs

Luke and Jeffy replaced all the hot, energy inefficient light bulbs in the "phone booth" rooms.

## Extermination

"I hate you IE8, I hate you IE8, I hate you IE8... Oh. Works now. Awesome." When you can't think of anything else to do, kill bugs.

## DIY video studio

Mark, Sam, & Jamey wanted more videos in our blogs & pages. Enter a room with a tripod, camera, blue-screen, & boom mic. Roll credits!

## Faster JIRA

"Dear Jonathon and Matt, thanks for making my pages load faster. You're my heroes." Sincerely, JIRA

## Black ops

Ricky, Sonia, and Manesh made something so cool we can't even tell you about it yet. Mum's the word. Lips zipped.

## Better brew

Jonathon makes awesome homebrew and wants to share it. Belly up to the new taps in the kitchen.

## Infinite quarters

Ever dream of having an infinite stack of quarters at the arcade? We did. And thanks to Marcus we have a mini arcade in the office.

# **Shipt! 24 hours to innovate. It's like 20% time. On steroids.**

**Have ideas for improving this page?  
Maybe make a new one in the next Shipt,  
which starts in...**

## **15 DAYS**
